In G.O. no 4293-94 Ex 124 dt 5-11-1895, sanction was accorded to the payment of a temporary allowance of Rs 3/- p.m. to the Nirgunti of the Kempambudhi tank from which the Distillery is mainly supplied with water & the amount was directed to be met out of

of the Contingent allowance of the Distillery.

The Comptroller is now stated to have now taken objection for the payment on the ground that its continuance is not necessary after the supply of Devaghatta pipe water; but the Excise Com^r explains that the pipe water is only used for reducing the strength of liquor, the tank water being utilised for all other purposes. Recommendation is therefore made for sanction to the permanent employment of a Niganti on Rs. 30. It may be noted as will however be seen from the office note relating to the G.O. referred to & the proposal on which it was based that it was the intention to pay the allowance till the pipe water is introduced to the Distillery. It is not clear if the latter question has been considered & if so how it has been decided.

Submitted for orders. Perhaps a reference may be made to the Chief Engineer of the P.W. Secty consulted unofficially.

It is not clear if the question will be taken up at all. In the circumstances the point for orders is whether the allowance to the Nagarthi should be sanctioned permanently or only until pipe water (Hessarghatta) is supplied for.
